Kaziranga Univ hosts TCS placement drive

TIMES NEWS NETWORK

Guwahati: The Kaziranga University (KU) hosted Tata Consultancy Services (TCS) in an on-campus placement drive for final-year students of all colleges in and around Jorhat as part of its University Social Responsibility.

Around 400 students from 29 colleges across Jorhat and its neighbouring districts participated in the event. A total of 253 were selected for the HR round of the selection process. The programme was conducted by the placement cell of KU and various officials from TCS and the university attended it.

"We are happy to see so many participants. The KU has done a great job in giving

us a platform to hold the placement drive. At the same time, it provided a career to students of the region, said Sreetama Dutta, an official of TCS.

Every year, TCS conducts such 'pool' campus placement drives to recruit fresh graduates.

Rimjhim

Baruah, assistant director

of KU's placement cell, said the university wanted to give final-year undergraduate students of the northeast a chance to experience a placement drive. "Our career counselling programmes, which are part of our University Social Responsibility, lay special emphasis on empowering students by imparting industry-ready skills," she said.
