**Design and Development of AI enabled Smartphone application
for early detection rice leaf diseases in Assam**

Dear Dr.Barman,

We are happy to inform you that your application has been shortlisted for physical incubation under the Agri IdeaTronix 1.0 Program of NEATEHUB. The subject chosen by you is "*Design and development of AI enabled smartphone application for early detection of rice leaf disease in Assam*".

The following are the terms and conditions of physical incubation:

1. Incubation services will be available for a period of three months with effect from 1 August 2022 to 30 October 2022. Any extension thereof, will be at the discretion of NEATEHUB, subject to a maximum of an additional month.
2. During the incubation period, you will be allowed to access the Robotics Lab and its facilities at NEATEHUB, to enable you to develop your Idea to PoC stage.
3. A Desktop computer + workstation, two smartphones, agri advisory support, and administrative support services will be provided to you. The cost of the peripherals and related consumables will be under Rs.1 lakh.
4. During the period of incubation, you will receive a stipend of Rs.5,000/- per team member per month, upto a maximum of 4 members (upto three month period).
5. Kindly provide us the details of your team members and their roles in your project, as soon as possible.

We look forward to working with you.

Yours sincerely

(K. Karthikeyan) 19/7/22
Chief Executive Officer
